Paper ID: BA0057

Paper Title: Towards a Human-Guided AutoML Application for Democratizing Predictive Modeling in Clinical Research

Dear Diego García-Prieto, Camilo Palazuelos, Rafael Duque, and Lucía Lavín-Alconero,

Thank you for your submission to ICBET 2026. We are pleased to inform you that the review process for your paper has been successfully completed. Based on the evaluations and recommendations from our reviewers and the Technical Program Committee, **we are delighted to accept your paper for publication and presentation** at the conference.

You are cordially invited to present your research at the 16th International Conference on Biomedical Engineering and Technology (ICBET 2026), which will be held from June 12-15, 2026 in Bali, Indonesia.

Building on the success of previous editions held in Jeju Island (2025), Seoul (2024), Tokyo (2023–2020), and other locations, ICBET 2026 provides a valuable platform for delegates to engage in face-to-face discussions, exchange innovative ideas, and share practical experiences. The conference also offers an excellent opportunity to establish new research and industry collaborations, fostering global partnerships for future development.

The accepted and presented papers of **ICBET 2026** will be published in the **Conference Proceedings,** which will be **indexed by EI Compendex** and **Scopus**.

📌 Important Registration Steps:
